

RYAN MILLIGAN

Web Developer

41-1 Testa Rd Uxbridge Ont L9P1Y9 | +289-879-5074 | ryanemilligan2@gmail.com

CAREER SUMMARY:

Front-end web developer specializing in building (and occasionally designing) exceptional digital experiences. Currently focused on building responsive front-end web applications while continuing to learn back-end technologies.

DEVELOPMENT EXPERIENCE

Weather Buddy

- Weather app built in React that allows users to receive localized forecast
- Allows users to view the five day forecast, and hourly forecast locally and around the world
- Allows users to simultaneously change the weather information from Celsius, to Fahrenheit with a click of a button.

Chat App

- Chat app is a simple chat app with location and image sharing that uses Google's firebase and GiftedChat.
- Users can add their username, and select the color of their chat bubble in the main screen.
- Gives the users the ability to send, and save pictures, and the current location.
- Saved chats can be viewed offline.
